

## **Please help us find justice for Dr. Asha Goel**

Dr. Asha Goel was a Canadian obstetrician/gynecologist who trained and practiced in Saskatchewan and Ontario for 40 years. During this time she delivered an estimated ten thousand babies and helped the lives of upwards of 50,000 of women. On August 22, 2003. Asha Goel was tortured and brutally murdered while visiting family in Mumbai, India.

In the ensuing 15 months of incomplete and inconclusive investigation by the Mumbai Police, Asha Goel's family has made repeated appeals to both the Canadian and Indian Authorities to protect the integrity of the investigation. Those authorities have demonstrated little interest in the cause. Now the Mumbai Police are moving quickly to close the case, despite the fact that there has been no resolution. Consequently, it is imperative the Canadian government intervene immediately to ensure a complete, thorough, and credible investigation takes place.

Asha Goel chose Canada for her home, as the place she would raise her family and practice her discipline. She was a Canadian citizen, and was proud to contribute to a health care system that is both compassionate and competent. Do not let Canada forget one of its valued citizens.

We, the undersigned ask you, Peter MacKay Minister of Foreign Affairs, to ensure that all possible avenues of investigation are pursued in the case of Asha Goel. We urge the Government of Canada to apply all means at its disposal to compel the Indian Government to commit the necessary resources to solve this case. Dr. Asha Goel and her family deserve justice.

When completed please send to:  
Seema Goel 1929 Athol Street, Regina, SK S4T 3E4
